This Onsite records template has been supplied by EXFIRE Pty Ltd upon request to the applicator. It is the sole responsibility of the applicator to ensure that the FIRESHELL F1E coating has been applied to the required surfaces at the tested thickness and as per the Manufacturer's Specification.
Any advice, recommendation, information, assistance or service provided by Exfire Pty Limited in relation to goods manufactured or distributed by the Company, or for their use and/or application is given in good faith and is believed by Exfire Pty Limited to be appropriate and reliable. However, any advice, recommendation, information, assistance or service provided by Exfire Pty Limited is provided without liability or responsibility. Exfire coating systems can be expected to perform as indicated on the manufacturer's specification so long as application and application procedures of the individual products are followed as recommended on the appropriate product data sheet.
